COMPANY PROFILE & CAPABILITIES

2026 EDITION

DPIIT Recognised

MSME Registered

Make in India

Building a Sustainable Tomorrow

Navgrow Engineering Service Pvt. Ltd. is a Siliguri-based, DPIIT-recognised engineering & sustainability company incorporated in 2022. We combine engineering excellence with modern technology to deliver reliable, quality-first solutions for railway, industrial and civil projects – alongside solar, water and green-building systems.

WHO WE ARE

A team of engineers, planners and innovators delivering high-quality engineering, infrastructure and sustainable-energy solutions across India.

OUR VISION

To be India's most trusted engineering company, recognised for innovation, quality and sustainable impact.

OUR MISSION

To provide cost-effective, reliable and eco-friendly engineering solutions that empower clients and contribute to a better planet.

WHAT WE VALUE

- Integrity & Transparency
- Safety & Quality
- Innovation & Excellence
- Sustainability
- Customer Commitment

Who We Serve

Indian Railways

Locomotive works, shed & testing-plant projects and track-side infrastructure.

Industrial Plants

Fabrication, plant maintenance and engineered installations for manufacturers.

Government Departments

Tender-based execution via GeM and IREPS with full documentation.

Private Developers

Civil works, solar and water systems for commercial premises.

RECOGNISED & REGISTERED

Startup India (DPIIT) · Udyam MSME · Make in India · CIN: U74999WB2

Ten Service Lines. One Standard.

Railway Infrastructure

Track, ROB, electrification, signalling & shed works to RDSO standards.

Industrial Engineering

Fabrication, plant engineering and installations for manufacturers.

Civil & Construction

Buildings, bridges, roads and structural works — built to last.

Government Contracts

Tender-based execution via GeM & IREPS with full documentation.

Maintenance & AMC

Preventive and corrective upkeep that maximises asset uptime.

Rainwater Harvesting

Catchment, recharge and storage systems for water security.

Solar Energy Solutions

Rooftop and ground-mount solar for cleaner, cheaper power.

Wastewater Treatment & Recycling

STP/ETP, reuse and zero-liquid-discharge systems.

Energy Efficiency & Audits

Audits and retrofits that cut energy cost and carbon.

Green Building & Sustainability

Consulting for efficient, certified, low-impact buildings.

ABOUT US

Building a Sustainable Tomorrow, Together.

Navgrow Engineering Service Pvt. Ltd. is a forward-thinking engineering company committed to delivering innovative, reliable and sustainable solutions for a better tomorrow. We combine engineering excellence with modern technologies to create value for industries, communities and the environment.

WHO WE ARE

A team of passionate engineers, planners and innovators working together to deliver high-quality engineering, infrastructure and sustainable energy solutions across India.

OUR VISION

To be India's most trusted engineering company recognized for innovation, quality and sustainable impact.

OUR MISSION

To provide cost-effective, reliable and eco-friendly engineering solutions that empower clients and contribute to a better planet.

GOVERNMENT CONTRACTS

Trusted Partner. Proven Expertise. Delivering Results.

End-to-end engineering, construction and infrastructure solutions for government and public sector projects.

COMPLIANT & TRANSPARENT

We adhere to all regulatory standards, ensuring complete transparency and accountability.

EXPERTISE YOU CAN RELY ON

Experienced team delivering complex projects with precision, quality and timeliness.

QUALITY & SAFETY FIRST

Uncompromising commitment to quality, safety and environmental responsibility.

VALUE FOR PUBLIC INVESTMENT

Optimized solutions that maximize efficiency and deliver long-term value.

LONG-TERM PARTNERSHIP

Building lasting relationships through integrity, performance and trust.

WE DELIVER

- ✓ Timely Project Execution
- ✓ Robust Quality Management
- ✓ Regulatory & Policy Compliance
- ✓ Sustainable & Environment Conscious Solutions
- ✓ Risk Management & Safety Excellence
- ✓ Efficient Budgeting & Cost Control

OUR CAPABILITIES

INFRASTRUCTURE DEVELOPMENT

Roads, Bridges, Flyovers, Tunnels & Urban Infra

PUBLIC BUILDINGS

Government Offices, Institutions, Hospitals, Schools & Complexes

UTILITIES & SERVICES

Water Supply, Sewerage, Drainage, Energy & Electrical Projects

TRANSPORTATION

Railway Infrastructure, Stations, Platforms & Logistics Facilities

CIVIL WORKS

Structural Works, Earthworks, Concrete & Renovation

PROJECT MANAGEMENT

Planning, Supervision, Monitoring & Documentation

100% COMPLIANCE

Adhering to all government norms and standards.

PROVEN TRACK RECORD

Successfully delivered projects across sectors.

DEDICATED TEAM

Skilled professionals committed to excellence.

SUSTAINABLE APPROACH

Environment-conscious solutions for a better future.

NATION BUILDING

Proud to contribute to a stronger tomorrow.

MAINTENANCE & AMC

Reliable Maintenance. Uninterrupted Performance.

Comprehensive Maintenance & Annual Maintenance Contract (AMC) services to ensure the longevity, efficiency and safety of your critical assets and infrastructure.

PREVENTIVE MAINTENANCE

Routine inspections and timely servicing to prevent unexpected breakdowns.

CORRECTIVE MAINTENANCE

Rapid response and effective solutions to minimize downtime.

PERFORMANCE OPTIMIZATION

Improving system efficiency, reliability and operational performance.

SAFETY & COMPLIANCE

Ensuring all systems meet safety standards and regulatory requirements.

COST-EFFECTIVE SOLUTIONS

Planned maintenance reduces risks and lowers long-term costs.

TAILORED AMC PLANS

Customized solutions to meet your operational needs and budget.

YOUR ASSETS. OUR RESPONSIBILITY.
PEACE OF MIND. ALWAYS.

OUR AMC SERVICES

ELECTRICAL SYSTEMS

Panels, Switchgear, Lighting, DG Sets, Earthing & Power Systems

MECHANICAL SYSTEMS

Pumps, Motors, Compressors, HVAC, Conveyors & Machinery

CIVIL INFRASTRUCTURE

Structural Repairs, Waterproofing, Painting & General Maintenance

PLUMBING & WATER SYSTEMS

Pipelines, Pumps, Tanks, Fixtures & Drainage

FACILITY MANAGEMENT

Manpower, Housekeeping, Security & General Administration

24/7 SUPPORT

Round-the-clock assistance for all critical systems

WE MAINTAIN WHAT MATTERS

BENEFITS OF AMC WITH NAV GROW

Minimized Downtime
Keep your operations running smoothly.

Cost Savings
Reduce breakdowns and repair costs.

Prolonged Asset Life
Extend the life of your equipment and systems.

Peak Performance
Ensure efficiency and reliability at all times.

Compliance Assurance
Stay compliant with all safety regulations.

Dedicated Support
A committed team, always by your side.

Turning Wastewater into a
Valuable Resource.

WASTEWATER TREATMENT & RECYCLING

Treat Today. Recycle Tomorrow. **Sustain Forever.**

End-to-end solutions for wastewater treatment, resource recovery, and a cleaner, greener tomorrow.

COMPLETE SOLUTIONS

We design, build, operate & maintain wastewater treatment and recycling systems tailored to your needs.

WATER REUSE & RECOVERY

Advanced treatment for safe reuse in industrial, commercial, and landscaping applications.

ECO-FRIENDLY TECHNOLOGY

Sustainable solutions that reduce environmental impact and conserve natural resources.

COMPLIANCE ASSURED

Systems built to meet all environmental regulations and discharge standards.

OUR TREATMENT PROCESS

COLLECTION

Wastewater is collected from various sources.

SCREENING

Removal of large particles and debris.

PRIMARY TREATMENT

Solids separation and sedimentation.

SECONDARY TREATMENT

Biological treatment to remove organic matter.

TERTIARY TREATMENT

Advanced filtration and polishing.

DISINFECTION

Ensuring safe, hygienic treated water.

REUSE / DISCHARGE

Treated water reused or safely discharged.

INDUSTRIAL EFFLUENT TREATMENT

Customized solutions for industries to meet discharge norms.

SEWAGE TREATMENT PLANTS (STP)

Reliable STP systems for communities, commercial & residential spaces.

ZERO LIQUID DISCHARGE (ZLD)

Complete water recovery and almost zero discharge.

SLUDGE MANAGEMENT

Safe handling, dewatering and disposal solutions.

OPERATION & MAINTENANCE

AMC, monitoring & 24/7 support for optimum performance.

Every Drop Counts.
We Make It Count Twice.

A Process Built for Approval

01

Scope & Specification Study

Drawings, specifications and site constraints studied before work begins.

02

Method & Safety Approval

Method statements, safety plans and material certificates submitted for approval.

03

Execution Under Supervision

Qualified supervisors on site daily; hold points respected, deviations escalated.

04

Testing & Handover Dossier

Stage tests, final inspection and a full handover dossier with warranty.

The Navgrow Assurance

Approved-Vendor Assurance

Working to Indian Railways and departmental vendor norms — documentation audit-ready.

Zero-Surprise Compliance

Statutory, safety and quality requirements engineered in from the start.

Live-Environment Discipline

Trained for block-working and operating-plant conditions where downtime is not an option.

Audit-Ready Records

Every stage documented — measurement books, certificates, photos and approvals.

Quality, Safety & Compliance

Every Navgrow project is governed by three non-negotiables — the quality of what we build, the safety of how we build it, and full compliance with the standards our clients answer to. This is engineered into our workflow, not inspected in at the end.

QUALITY

Built to Standard

- ISI-marked materials & tested components
- Material test certificates on every batch
- Stage inspections with defined hold points
- Handover dossier: drawings, MTCs & reports

SAFETY

Zero-Harm Mindset

- Method statements & job safety analysis
- Trained crews for block & live-plant work
- PPE compliance and site safety supervision
- Incident reporting and corrective action

COMPLIANCE

Audit-Ready Always

- Indian Railways / departmental vendor norms
- Statutory & regulatory conformance
- GST-compliant billing & documentation
- Traceable measurement books & approvals

OUR COMMITMENT

"We deliver work that is safe to build, built to last, and ready for audit — on every single project."

Built on Trust. Proven by Delivery.

What Sets Us Apart

- **Quality-First, Every Time**
ISI-marked materials, tested components and documentation ready for audit on every job.
- **Approved-Vendor Discipline**
Working to Indian Railways and departmental norms – trained for block-working and live-plant conditions.
- **One Accountable Partner**
Design, supply, execution and maintenance under a single, named point of responsibility.
- **On-Time, On-Budget**
Method-approved planning and financial discipline that keep projects predictable end to end.
- **Sustainability Built In**
Solar, water-recycling and energy-efficiency expertise woven through our engineering.

BY THE NUMBERS

2022

Incorporated in Siliguri

10

Engineering service lines

100%

On-time project delivery

3

Government recognitions

24 hrs

Typical quotation turnaround

From Enquiry to Handover

1

Share Your Requirement

Send drawings, BOQs or a simple description — by email, phone or the online quote calculator at navgrow.org.

2

Receive a Formal Quotation

Detailed, GST-compliant quotation with scope, timeline and terms — typically within 24 hours.

3

Execution & Updates

A named supervisor, agreed milestones and photographic progress records throughout the job.

4

Handover, Invoice & Support

Complete dossier, GST invoice and post-handover support — with AMC options where relevant.
